Summarised Report of Slow and Advanced Learners

On the basis of percentage obtained by the students in 12th standard. A group of slow learners (45% and below) and advanced learners (60% and above) was formed. Progress assessment of the students belonging to slow learners' group was conducted on the basis of marks obtained by them in final year. Extra study materials were provided to this group in regular timetable of the college. Apart from these various following activities were held by the department of commerce and management to increase the progress rate of the slow learners.

Categorization of slow and advanced learners was conducted programme wise rather than course wise as the university has provided various courses to design curriculum.

QR Code Facilities
(2023-24)

Introduction:-

QR Code has been prepared by the library to solve the previous year question paper of university examination for slow learners.

Objective:-

To practice solving question paper of previous year university examination.

Activity Details:-

A QR Code has been prepared by the library for the purpose of making the previous year university examination papers available for Slow Learners Students and it has been displayed in every classroom. So that the students can scan it and the question paper of the previous university exam will be available to them.

Outcomes:-

QR code helped students to practice solving old paper for slow learner's student.
